# **CONSTRUCTION SITE SURVEYOR AGREEMENT**

## **PREAMBLE**

This Agreement is a successor Agreement to the 2011-2024 Technical Engineers Agreement and all other prior Technical Engineers Agreements thereto by and between the Western Washington Independent Contractors and Local 302 of the International Union of Operating Engineers.

## **ARTICLE 1 PRINCIPAL AGREEMENT**

The Employer agrees that all Construction Site Surveyor work performed within the territorial jurisdiction of Local 302 of the International Union of Operating Engineers shall be performed in conformity with the 2024-2027 Operating Engineers Local 302 Master Labor Agreement of Western Washington currently in effect except as modified herein.

## **ARTICLE 2 EFFECTIVE DATE AND DURATION**

This Agreement shall be effective commencing June 1, 2024 and shall continue in force and effect through May 31, 2027. Modification or termination of this Agreement shall be effectuated as provided for under Article 4 of the principal Agreement.

## **ARTICLE 3 WORK DEFINED**

Survey work shall be that work performed by said employees which requires the use of or utilizes a Transit, Tripod-mounted Level, Laser, Electrotape, Electronic Measuring Device, Theodolite, Global Positioning System, Data Collector, or Total station in connection with such work that shall include, but not be limited to, highway, building, heavy construction and engineering projects. Survey work will also include, but not be limited to, the establishment of control points governing construction operations on locations and elevations of embankment, excavations, piles, caissons and utilities.

## **ARTICLE 4 COMPOSITION OF PARTIES**

Whenever the Employer requires employees for the performance of survey work, the size of the survey crew will be determined by the Employer. The first survey employee on the job site shall be a Construction Site Surveyor. Any assistant or additional employees on a survey crew shall be members of the craft. At no time will the composition of a survey party be made up of employees who are not members of the craft. However, in the event the Employer chooses to use an Operating Engineer (already employed) as a member of a survey crew, rather than an Operating Engineer who is regularly employed as a Construction Site Surveyor, the employee shall be paid according to the higher scale.

- (a) A two (2) person survey party shall consist of at least a Construction Site Surveyor and a Chainman.
- (b) A three (3) person survey party shall consist of at least a Construction Site Surveyor and Assistant Construction Site Surveyor and a Chainman.

**ARTICLE 5
