- B. A single shift operation shall be restricted to the hours between 5:00 am and 6:00 pm and eight (8) hours of continuous employment (except for meal period) shall constitute a day's work Monday through Friday of each week.
- C. Four ten (10) hour shifts at the straight time rate may be established Monday through Thursday or Tuesday through Friday. There shall be no overlapping of four ten (10) shifts between crews on the same operation of an Employer's project. In the event the job is down due to weather conditions, then Friday may, at the option of the Employer, be worked as a make-up day. All hours worked in excess of ten (10) hours a day or forty (40) hours a week must be compensated at the overtime rate.
- D. No employee shall be discharged, laid off, or disciplined, replaced or transferred for refusing to work a make-up day.
- E. In the event of a civil emergency such as, but not limited to, earthquakes, floods, or fires, starting time of the shift may be made to fit the emergency and eight (8) hours in any

twenty-four (24) hour period may be worked at straight time. In order to work such shift, mutual agreement shall be received.

- F. Special Shifts When due to conditions beyond the control of the Employer or when an owner (not acting as the contractor), a government agency or the contract specifications requires that work can only be performed outside the regular day shift, then a special shift may be worked at the straight time rate. The starting time of work will be arranged to fit such conditions of work. Such shift shall consist of eight (8) hours work for eight (8) hours pay or ten (10) hours work for ten (10) hours pay for four ten shifts. A special shift premium will be added to the base wage, as defined in Appendix 1, Schedule A, and shall be paid for each hour worked during a special shift. This premium pay does not apply to work outside the normal shift hours that is paid in accordance with Article 17, Overtime.

- G. Holiday Week In the event that a holiday is celebrated during the week (Monday through Friday), the remaining four days of the week may be worked as a four ten shift at the straight time rate.

SECTION 2. MULTIPLE SHIFT OPERATION.

Shifts may be established when considered necessary by the Employer. The Employer shall notify the Union of either a two (2) or three (3) shift operation. Shift hours and rates will be as follows:

- A. Two Shift Operation. On a two (2) consecutive shift operation, the second shift shall be paid the special shift premium which shall be added to the base wage for each hour worked, as defined in Appendix 1, Schedule A. This premium pay does not apply to work outside the normal shift hours that is paid in accordance with Article 17, Overtime. Each shift must be scheduled for at least eight (8) hours except as provided for in Section 1 of this Article. On a two shift operation, the second shift shall be established for a minimum of three (3) days.

Once the starting times are established for the two shift operation, they shall not be changed except upon three (3) working days written notice to the Union.

- B. Three Shift Operation. On a three shift operation, the following shall apply:

First Shift - The regular hours of work on the first shift of three shift operations shall be eight (8) hours of continuous employment, except for meal period at mid-shift, between the hours of 5:00 am and 6:00 pm.

Second Shift - The second shift shall consist of seven and one-half (7½) hours of continuous employment, except for meal period at mid-shift, and shall be paid for at eight (8) hours the straight time hourly wage rate.

Third Shift - The third shift shall consist of seven (7) consecutive hours of employment, except for meal period at mid-shift, and shall be paid for at eight (8) hours the straight time hourly wage rate.

Those groups of employees only who relieve first shift groups of employees and such first shift groups of employees who are relieved by groups of employees on a second shift, and on a three shift operation those groups of employees who relieve the groups of employees on a second shift, shall be construed as working multiple shifts. The intent of this clause shall be construed so as to recognize that a “reliever group” and a “relief group” does not necessarily mean “person for person” relief.
- D. It is understood and agreed that when the first shift of a multiple shift (a two or three shift) operation is started at the basic straight time rate or at a specific overtime rate, all shifts of that day's operation shall be completed at that rate. On a two-shift operation, the second shift shall be paid the Special Shift Premium for each hour worked, as defined in Appendix 1, Schedule A. The Special Shift Premium shall not apply to any shift in a three-shift operation. This premium pay does not apply to work outside the normal shift hours that is paid in accordance with Article 17, Overtime.

ARTICLE 17 OVERTIME

SECTION 1. Work performed in excess of eight (8) hours of straight time per day, or ten (10) hours of straight time per day when four ten (10) hour shifts are established, or forty (40) hours of straight time per week, Monday through Friday, or outside the normal shift (6pm-5am) and all work on Saturdays, shall be paid at time and one-half the straight time rate. All work performed after 6:00 pm Saturday to 5:00 am Monday and Holidays and hours worked in excess of 12 hours in a single shift shall be paid at double the straight time rate of pay. The Employer shall have the sole discretion to assign overtime work to employees. Primary consideration for overtime work shall be given to employees regularly assigned to the work to be performed on overtime situations.

SECTION 2. After an employee has worked eight (8) hours at an applicable overtime rate, all additional hours shall be at the applicable overtime rate until such time as the employee has had a break of nine (9) hours or more.

SECTION 3. When an employee returns to work without at least nine (9) hours time off since their previous shift, all such time shall be a continuation of shift and paid at the applicable overtime rate until he/she shall have the nine (9) hours rest period.

ARTICLE 18
REPORTING AND MINIMUM HOURS PAY

SECTION 1. Reporting Pay – Employees reporting for work and not put to work shall receive two (2) hours pay at the regular straight time rate, unless notified not to report at the end of the previous shift or two (2) hours prior to the start of a shift. Employer may require employees to remain at the jobsite for the two (2) hours to receive such reporting pay.

It is understood that it shall be the responsibility of the Employer to secure from each employee a telephone number by which he can be contacted. The employer will make every effort to notify employees of any shift cancellation. If the employee does not, at the Employer's request, furnish a telephone number or fails to inform the Employer of any change of number at which they may be reached, then the Employer shall be relieved of any responsibility of notification and shall not have to pay show-up time.

When employees, including new hires, reporting for work arrive on the job unprepared to perform the work required (for example, under the influence of alcohol or drugs, or inadequately clothed), the Employer shall not be expected to put such individuals to work nor shall they be entitled to reporting pay if not put to work.

Reporting pay on overtime days shall be a minimum of two (2) hours at the applicable overtime wage rate.

SECTION 2. Minimum Hours – Employees who start work and work less than four (4) hours shall be paid four (4) hours; they shall be paid six (6) hours if required to work more than four (4) hours, they shall be paid eight (8) hours if required to work more than six (6) hours; and they shall be paid ten (10) hours if required to work more than eight (8) hours on a regularly established ten (10) hour shift.

SECTION 3. If any employee refuses to start work or if any employee stops work on his own volition, the minimum set forth in Section 2 above shall not apply.

SECTION 4. Employees called to work and who are put to work on Saturdays, Sundays or holidays shall be compensated at the applicable overtime rate and as outlined in SECTION 2 Minimum Hours.

SECTION 5. When a shift is suspended due to inclement weather, after the two (2) hour minimum, employees shall be paid for actual time worked.

SECTION 6. When an employee is “called out” to work without at least nine (9) hours time off since their previous shift, all such “call out” time shall be paid at the overtime rate until he shall have the nine (9) hours rest period.

ARTICLE 19
MANAGEMENT RIGHTS CLAUSE

SECTION 1. The Employer retains full and exclusive authority for the management of its operation subject to the provisions of this Agreement. The Employer shall direct his working forces at his sole prerogative including, but not limited to, hiring, promotion, transfer, layoff or discharge for just cause as traditionally practiced within the Construction Industry. The Employer shall utilize the most efficient methods or techniques of construction, tools or labor saving devices. There shall be no limitations upon the choice of materials or design except those imposed by safety and health considerations.

SECTION 2. The foregoing enumeration of management rights shall not be deemed to exclude other functions not specifically set forth.

SECTION 3. It shall not be a violation of this Agreement when the Employer considers it necessary to shut down to avoid possible loss of human life because of an emergency situation that could endanger the life and safety of an employee. In such cases, employees will be compensated only for actual time worked. In the case of a situation described above whereby the Employer requests the employees to stand by, the employees will be compensated for the “standby time.”

If such a condition continues, the Employer agrees to give timely notice to members of the next shift scheduled to report for duty. In the event timely notice is not given, employees who report for work at their regular reporting time and are not put to work shall be paid “show up pay”.

This article shall be subject to the grievance procedure set forth in Article 11.

ARTICLE 20
SPECIAL CONDITIONS

SECTION 1. Both parties recognize that there may be extenuating circumstances when it is to the mutual interest of both parties to modify the terms of this Agreement. In that event, it will not be a violation of this Agreement for the parties to meet and mutually agree to make such modifications to meet a specific need on a specific project.

In order to maximize the effect of this provision, all crafts will be requested to act uniformly. Employees of a craft should be treated equally under this provision. The General Contractor shall encourage their subcontractors to comply with any modifications granted under this provision.

ARTICLE 21
PRE-DETERMINED WAGE RATE PROJECTS

SECTION 1. In the event the Employer bids a public job or project being awarded by a Federal, state, county, city or other public entity which is to be performed at a pre-determined and/or prevailing wage rate established by the Department of Labor, pursuant to the provisions of the

Davis-Bacon Act, 40 U.S.C., Section 3141 et.seq., whose regulations are contained in 29 CFR Parts 1,3,5,6, and 7, and which determinations are published in the Federal Register or by the Director of the Washington State Department of Labor and Industries, pursuant to RCW 39.12.010 to RCW 39.12.900, the published hourly wage set forth in said public work at the time of bid shall apply for the first 24 months of the project from the date the contractor is permitted to proceed with work and upon request, the Employer will provide such date. Notwithstanding the above, project agreements may be mutually agreed upon to allow use of the pre-determined wage for the duration of a project to exceed 24 months.

The fringe benefit contribution rates shall be those as established and maintained by the Master Agreement and any fringe increases are the responsibility of the Employer.

SECTION 2. In the event the specifications include an escalator provision covering wages, such amount will be included as an increase to wages to the extent that the Employer may recover in the escalator claim.

ARTICLE 22 **SUBSTANCE ABUSE POLICY**

SECTION 1. Labor and Management are committed to providing employees with a drug-free and alcohol-free workplace. It is the goal to protect the health and safety of employees and to promote a productive workplace, and protect the reputation of Labor and Management and the employees.
